Working Experiences:

March 2007 - Present

Freelance Web Designer / Developer

- Create websites for international clients , mostly are from United States. Some clients are from Dubai, Australia , Germany and local companies. My services includes – web design , XHTML coding with w3c standards , PHP/MySQL – ecommerce websites , flash banners , gif banners etc.

Jan 2006– Mar 2007

Focus Interactive

Web Designer / Developer / Integration

- Developed and design websites . Hand code my design and integrate the existing PHP or Java code to my design. Basically do all the integration from other designers and to other developers. Developed a lot of ebay stores using the E-bay API.

Jan 06- Jan 2007

ClickStream

Web Designer / Flash Developer

- Main task is to designer websites but not limited in programming. I do most of the Flash work. Actionscript or Flash Media Server applications. Made a lot of template customization as well as original designs. Create actionscript based flash application with ASP and Coldfusion as a backend.

Nov 2005 – Jan 2006

Your Property People

Web Developer

- Create all the applications for our own realty website with a team. A four man team whose sole purpose is to make our US realty website online. Uses ajax in our applications with PHP/MySQL.

Sept 2005 – Nov 2005

Interweb Media

Web Designer / CSS developer / Wordpress

- Designer websites for a Wordpress or Blog sites, also do a lot of CSS coding and cross browser compatability.

Nov 2004 – Dec 2004

IvyThesisWriters**Web Designer**

- Make the in house project, semi fulltime and freelance. Code the design and launch it online.
- The project only last for a month and the site was completed also.
